Spinner cards — teacher key

Lesson 2 · keep this page

Key

The cards are lettered in ascending order of probability, so A to M is the correct sequence. Do not tell students that.
D and G look different from B and J but share their value with nothing here — the equivalent pair to watch for is D (1/4) and the 2-of-8 spinner pairs build in Explore.

CARD	SECTIONS	SHADED	FRACTION	DECIMAL	PERCENTAGE	ORDER
A	4	0	**0**	0	0%	1
B	8	1	**1/8**	0.125	12.5%	2
C	6	1	**1/6**	≈ 0.17	≈ 16.7%	3
D	4	1	**1/4**	0.25	25%	4
E	6	2	**1/3**	≈ 0.33	≈ 33.3%	5
F	8	3	**3/8**	0.375	37.5%	6
G	4	2	**1/2**	0.5	50%	7
H	8	5	**5/8**	0.625	62.5%	8
I	6	4	**2/3**	≈ 0.67	≈ 66.7%	9
J	8	6	**3/4**	0.75	75%	10
K	6	5	**5/6**	≈ 0.83	≈ 83.3%	11
L	8	7	**7/8**	0.875	87.5%	12
M	4	4	**1**	1	100%	13

Shaded rows round to two decimal places — thirds and sixths never finish. The close pairs that force students to calculate: B–C, E–F, H–I and K–L.
