Name		Team	

Two teams, two games

Team Comet ran Treasure Bag. Team Nebula ran Lucky Dip. They did not have the same number of buddies, and that matters.

Rating	Comet	Nebula
1 did not enjoy it	0	1
2 it was okay	2	4
3 I liked it	6	3
4 I loved it	5	2
Buddies with a rating	13	10
Gave a 3 or a 4	11 (85%)	5 (50%)

The percentages are worked out for you. 11 out of 13 is 85%. 5 out of 10 is 50%.

Part A · Comparing

SF A

Which team's buddies enjoyed their game more? Use the percentages.

SF B

Nebula's mode was 2 and Comet's was 3. Which team's buddies gave higher ratings most often?

CF
C

Finish the comparison using numbers from the table.

"COMET'S RATINGS WERE HIGHER THAN NEBULA'S, BECAUSE…"

Frame: "_____ out of _____ compared with _____ out of _____."

THE FEATURE THAT DIFFERS

THE FULL SENTENCE: FEATURE, BOTH VALUES, WHAT IT MEANS

Frame: "_____ was higher than _____, because _____ out of _____ compared with _____ out of _____. This means _____."

Exit ticket

On your own. Five minutes. Team Orion: 9 of 12 buddies won at least one turn. Team Vega: 7 of 10.

SF 1

Write each one as a percentage.

CF 2

Write one sentence comparing Orion and Vega. Name the feature, give both values, say what it means.

CU 3

A third team says "20 of our buddies won at least one turn, which is more than both of you, so our game is the easiest to win". What would you ask them before you agreed?
